

AAMIR RAHEEL

designer / ux expert / frontend / art director / LEAD DESIGNER

OBJECTIVE

Imaginative and forward-thinking expert with over two decades of immersive experience juggling multiple imaginative design projects, crafting unique concepts, shaping graphics, and envisioning captivating user experiences. Armed with the power to elevate brand recognition through creative prowess, adept at spotting opportunities, surmounting obstacles, forging enduring and mutually rewarding connections with clients, teams, and individuals, all while founding a thriving and prosperous enterprise. Decades of professional experiences in the fields of information technology, UI/UX design for websites/apps/platforms, Wordpress management, ATL to BTL campaigns. I have learned to apply strategic project and team management approach to complete various tasks according to the client's satisfaction.

SKILLS

Dynamic, Self-Motivated & Forward thinking.

Works well individually and in a team environment.

Highly ambitious with a keen eye for a detail.

Thrive in a challenging work environment, constantly finding new ways to excel.

 **Certified Adobe Creative Suite** ★★★★★
